For your convenience the basic issues herein are categorically condensed. For details and to pursue the “next step”, please review our website: [www.bigboxerectors.com](http://www.bigboxerectors.com).

**SUBJECT** – to form a long term working partnership and mutual alliance between Big Box Erectors and your company.

**OBJECTIVE** – Big Box Erectors’ mission, purpose, goal ...is to become one of your company’s #1 steel erecting subcontractors for numerous and valid reasons.

**CREDENTIALS** – Big Box employees are “pros”. With over 52 years of collective experience, our management background and qualifications will verify that we have a proven reputation and successful track record with companies like yours, as a top quality, safe, on time, competitively priced steel erection subcontractor.

**ADVANTAGES** – Big Box Erectors is a highly efficient steel erector. Our field management has spent 20 years developing the most up-to-date, efficient and safe steel erection methods. Our highly qualified field manager both mentors and teaches our ironworkers. We work 7 days a week, 12 hour days until the job is complete. With our strategic systems in place we can most always finish the job more quickly than it normally takes other erectors.

**BENEFITS** – We can provide you with the critical-path big-box steel erecting that is so important to the balance of your construction project schedule.

**BOTTOM LINE** – Big Box Erectors wants to be one of your best working partners. Please allow us to provide you with competitive bids. You will see how competitive we can be without sacrificing quality, safety or efficiency.

Thank you for your time... what’s the NEXT STEP?

Respectfully,

Bob Burke
